Title: PASS-THROUGH FIRESTOP DEVICE

REMARKS

The following remarks are made in response to the Non-Final Office Action mailed December 7, 2005. In that Office Action, the Examiner provisionally rejected claims 1-7, 10-20, 22, and 23 on the grounds of nonstatutory obviousness-type double patenting as being unpatentable over claims 1-31 of copending U.S. Serial No. 10/205,180. IDS Received October 16, 2001

In the Office Action, the Examiner indicated that no 1449 form was found for the Information Disclosure Statement received by the Patent and Trademark Office on October 16, 2001. Each reference listed in the attached copy of form 1449 is initialed by the Examiner as being considered on September 6, 2002. Accordingly, all references included therein have been made of record and have been reviewed by the Examiner. Therefore, Applicant believed that it is unnecessary to re-submit any references previously referred to in an IDS.

A Terminal Disclaimer relating to U.S. Patent Application No. 10/205,180 is concurrently submitted with this Response. It is respectfully submitted that this Terminal Disclaimer fully addresses the provisional rejection on the grounds of nonstatutory obviousness-type double patenting. Accordingly, Applicant respectfully requests that the double patenting rejection of claims
